

ONPAY SOLUTIONS PARTNERS WITH LENDIO TO PROVIDE LENDING MARKETPLACE

OnPay Solutions has partnered with Lendio to provide their clients, vendors, and others accessible and flexible lending solutions.

Lendio is an online lending marketplace that provides a streamlined application process and proprietary algorithm to match applicants with loan options from a nationwide network of esteemed lenders. Lendio's application takes 15 minutes, their marketplace includes 300 lenders, and they've helped deploy over \$6B in capital to date.

Lendio has alone helped provide \$5.8B in Paycheck Protection Program (PPP) funding for 70,000+ businesses across America, and is actively sourcing applications for round 2 funding of the PPP program.

"We've partnered with Lendio because we realize that we are heavily involved in our clients' working capital cycles, and we understand that they may have financing needs at times. We understand that their vendors may find value to Lendio's marketplace as well. We're happy to be able to provide another quality product," said Neal Anderson, CEO of OnPay Solutions.

If you are in need of PPP funding, an SBA loan, equipment financing, AR financing, or other short-term financing, you can find more information and apply online at <https://lp.lendio.com/onpay>.
