

**FOR IMMEDIATE RELEASE**

## **Nivo1 Adds New Payment Automation Provider to its Partner Platform**

*Electronic payments from OnPay Solutions, a leading provider of Accounts Payable Payment Automation, to be made available through Nivo1*

**Pittsburgh, PA – March 15, 2017.** [Nivo1](#) and OnPay Solutions announce a strategic partnership to integrate their automation solutions. Nivo1 is a leading provider of cloud-based accounts payable automation with AP Express™; OnPay Solutions is a leading providing of payment automation services. Nivo1's strategic partnership with OnPay Solutions signals the integration of AP Express with OnPay Solutions' payment services.

AP Express integration with OnPay Solutions enhances AP Express functionality with access to payment automation services. As a result, AP Express can provide end-to-end accounts payable process automation, creating a true accounts payable automation one-stop-shop for AP Express customers. AP Express customers now can use OnPay Solutions' OnPayConnect payment platform. The OnPayConnect payment platform enables customers to outsource supplier payments, reduce costs and generate revenue through the use of single use virtual credit card (vCard), ACH, Wire Transfer, or even a printed check using OnPay Solutions' print and mail services. Payment automation paired with automated invoice processing creates a robust accounts payable automation package, reduces costs, and generates revenue through rebates for Nivo1 customers.

Nivo1 and OnPay Solutions are committed to working together to explore new opportunities and deliver a robust and seamless solution to their customers. CEOs of both companies agree that this strategic partnership benefits users of both products and services.

"For Nivo1 customers, this partnership enhances the invoice automation process that you get with AP Express by adding payment automation," said Nivo1 CEO, David Busch. "Payment optimization with OnPay

Solutions allows our customers to further reduce costs and, at the same time, generate revenue through rebates,” he added.

Neal Anderson, President and CEO of OnPay Solutions, explains the partnership benefits for their customers: “By creating a strategic partnership with an industry-leading service provider like Nivo1, we are able to offer our AP automation clients seamless access to Nivo1’s AP Express invoice automation solution.” Adds Andersen, “At OnPay Solutions, our goal is to ensure that our customers’ business automation needs are taken care of.” Happily, now that includes Nivo1’s AP Express customers as well.
